Ayatt Muslet, PharmD

Current Resident

Ayatt graduated from the University of Missouri-Kansas City School of Pharmacy prior to her current role as Tria Health's PGY1 Community Pharmacy Resident. Before coming to Tria, Ayatt worked inpatient pharmacy at Saint Luke's South in Overland Park and at Walgreens Specialty Pharmacy within University Health for 3 years. She also served as a pharmacy intern for a grant-funded initiative with the University of Missouri and Jackson County, delivering free health screenings to underserved communities in the heart of Kansas City for 2 years. Her passions lie in specialty

medications and preventative care, particularly cardiovascular health. She is driven to help patients overcome medication-related barriers and build the knowledge they need to take charge of their health. Outside of residency, she enjoys nothing more than bringing together her family and friends for a large, traditional meal. There's not much that's better than a house full of love and good food!
